BOARD OF EDUCATION

Lynn T. Miller, President; J. L. Kernan, Secretary; Mildred E. Taft, Trustee; Wilbur G. Hubbard, Treasurer; Duane A. Davis, Trustee.

All our thanks to Mr. B.

Superintendent
Donald L. Baker, B.S., M.A.

Congratulations, Mr. Baker. You have completed another successful year as superintendent of I. H. S. With tactfulness and complete understanding you met every problem that arose.

The Senior class would like to extend to you its very best wishes.

Four years ago a history teacher began his first year as a principal at Ithaca high school. With him, too, was an equally new Freshman class.

Now, we, that Freshman class of four years ago, are Seniors. We sincerely wish to thank you, Mr. Randall, for the active interest you have taken in us and the tremendous help you've been.

May you continue to be as successful as you've been during the past four years.

There you will find
Those who loaf
And skip a lot;
Those who date
And stay out late;
And those who work
And study hard.

It's been a long road
From the lollipop days
To the Senior prom
And grown-up ways.
From pigtails and braces,
Our quarrels and tears,
To caps and gowns, and
The end of school years.

Seated: Frank Mentus, Nancy Allen, Suzanne Allen, Marilyn Randall.

Standing: Phyllis Becker, Robert Hill, Esther Gable, Alan Zimmerman, Sandra Belleville, Howard Dilsworth, Jack Arnold, Kathleen Bates, Richard Barnes, Connie Martin, Robert Strong, Florence Eichorn.

A busy, but wonderful year for all.

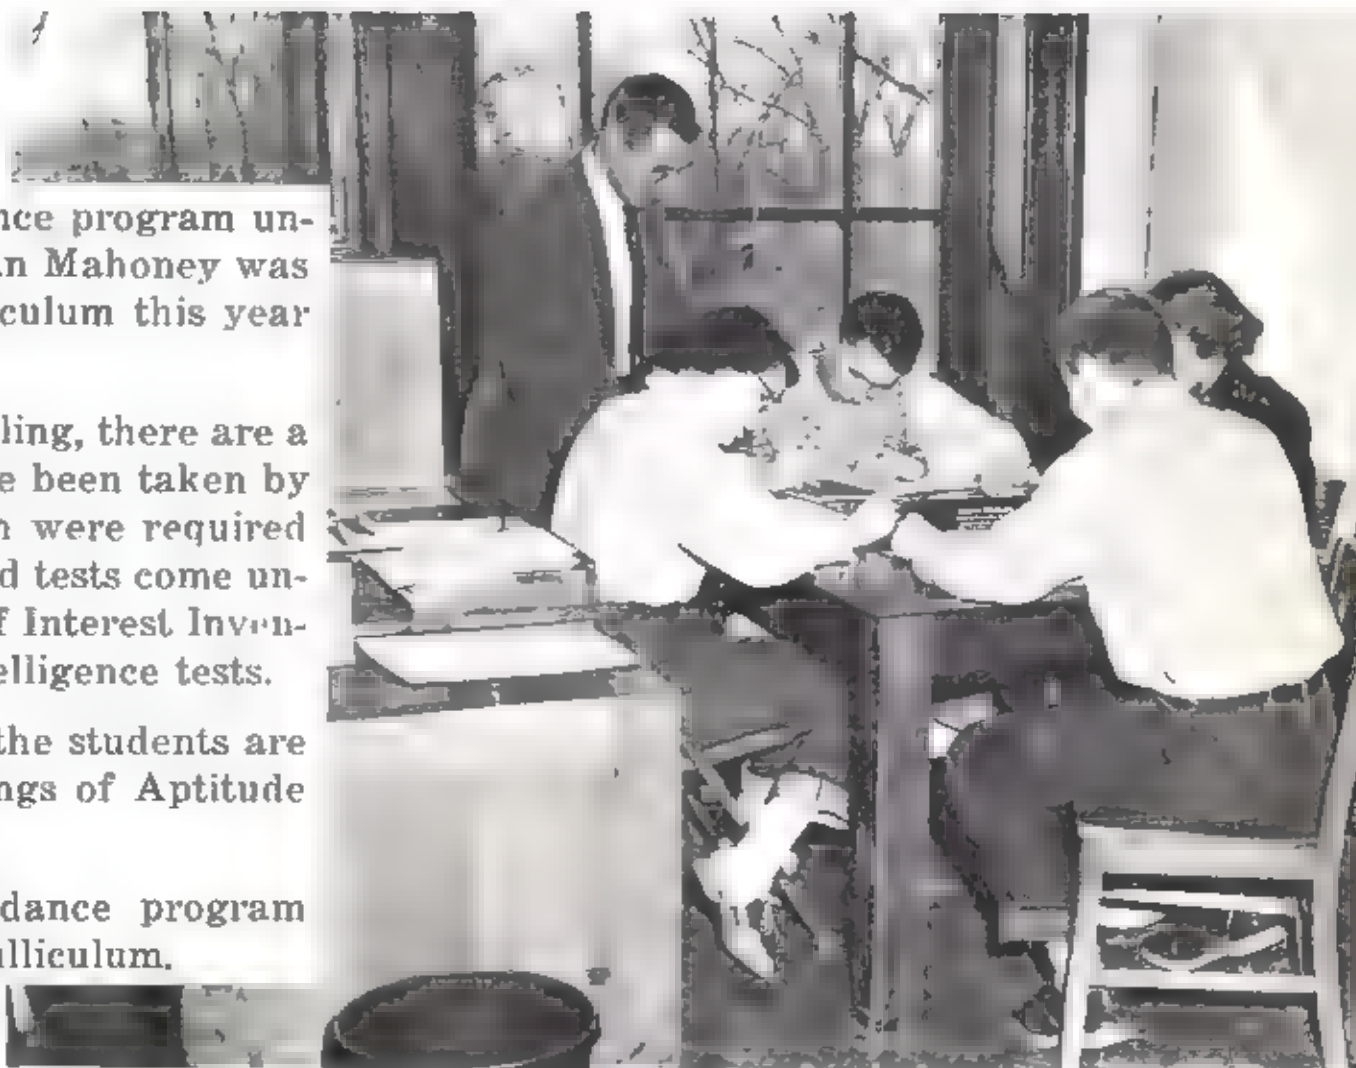

Guidance

A counseling and guidance program under the direction of Mr. Dan Mahoney was added to the schools curriculum this year for the first time.

In addition to the counseling, there are a number of tests which have been taken by the students, four of which were required of all students. The required tests come under the general headings of Interest Inventory, Achievement and Intelligence tests.

Other tests available to the students are under these general headings of Aptitude and Diagnostic tests.

It is hoped that the guidance program will remain in the school curriculum.

JACKETS FINISH 2nd IN 'B' CONFERENCE

64

HIGHLIGHTS OF '55

The football team had an off season but showed promising prospects for next year. In the St. Louis game we lost 27-26 but it showed that the boys had what it takes to come back. Bill Donahoe scored one touchdown and Roger Howes three. Roger won the Ballard Trophy and is the captain for next year's varsity.

The basketball team lost their first four games but came through with flying colors winning ten out of the last twelve games. Ithaca was tied for the Mid-Michigan "B" Conference lead with St. Louis going into the last game but the boys were victims of an upsetting Clare five. The two leading scorers this season for the Yellowjackets were Milt Hoard with a seventeen point average and Jack Arnold with a fifteen point average. Marvin Thum played the last six games on the varsity and was a dependable guard. John Raducha received the Nedra Award for the player who had the best free throw percentage during the season. John had a 66 per cent average.

The Junior Varsity won thirteen out of sixteen games. Jim Crawford was the leading scorer this year with 231 points and starred in the Breckenridge game. Jim broke the J.V. record, making thirty points.

The baseball team will have twelve returning lettermen and will play a thirteen game schedule. The conference is divided into two divisions. St. Louis, Shepherd, and Clare in one and Ithaca, Chesaning, and Durand in the other. The two division winners will play for the championship.

The trackmen have a lot of hopeful Juniors back this year and will be in top contention for the conference track meet.

The golf team has two returning lettermen and will rely on four or five first year golfers. Meets will be played with Alma, Mt. Pleasant, and St. Johns.

In Memory Of Clint Ballard

Clinton V. Ballard, 67, director of the Extension Service of Michigan State College and former star football player for Ithaca high school and Michigan State passed away this winter.

In 1929 he presented the Ballard Trophy to the Athletic Department to be awarded to the outstanding football player each year. He has been here on numerous occasions to present the trophy.

We pay tribute to a great football player, educator, and citizen.

THE HISTORY OF THE ITHACA SCHOOLS

In 1857 there were about thirty children of school age living in Ithaca Township. For this reason the first meeting of the school electors was held at the log court house on September 28, 1857. William Potter was elected moderator, Lafayette Church, director, and W. W. Comstock, assessor. It was voted to raise \$250 by tax on the district for the erection of a school house the next season. The entire cost of the school was not to exceed \$500. It was also voted to collect one dollar a scholar for the support of a school during the following winter.

At a special meeting held April 20, 1858, by a vote of 19 to 7 a school site was decided upon as follows: lots of 8 and 9, block 7, of Upper Ithaca. The Ithaca waterworks and village hall now occupy the site. The price paid for the site was \$30. A one story frame school house, 28x36, was built during the summer of 1858. Fire destroyed the building in 1861. In this year a two story frame building was erected, the same size and on the same site. The top story was not finished until 1866 when more room was needed. The second teacher was then employed. In 1873 still more room was needed so a two story addition was built, and from that time three teachers were employed; primary, intermediate, and high school. School prospered under the new system with the number of pupils increasing until it became necessary to have more room. An infant department was added using the basement of the Baptist church for the additional room. This arrangement was continued until October 10, 1883, when the school was destroyed by fire. Plans for another school began to take shape. The present site was selected and Fred Hollister, a Saginaw architect, drew the plans. The job was let to Fred Kinkerter of Ithaca and H. B. Sunbury of St. Louis, January 15, 1883 for \$17,794.00.

The complete cost of the building was \$23,527.49. In 1909 the right wing was added and the left wing in 1911. This building served the community until 1936 at which time a new gymnasium was built at a cost of \$50,000. In 1951 the qualified electors voted a \$300,000 bond issue to finance the new elementary building consisting of 12 class rooms, a kindergarten, superintendent's office, principle's office, book store and storage rooms. The total cost of the new elementary building was \$343,506.80.

This is a brief summary of the history of the Ithaca Public Schools from its beginning with 30 pupils in 1857 to 953 pupils in 1955.
